

# CERTIFICATE OF CONFORMITY

CERTCONF2011

This document certifies that the following product and specific batch has been manufactured to and complies with the company's standard Specification.

It further certifies that the batch has been tested by a diagnostic laboratory and complies with the minimum specification for this product.

PRODUCT CODE	RRSP35		
DESCRIPTION	Eosin Y 1% Aqueous		
BATCH NO	Allocated at time of production		
Manufacture Date	3 Year Shelf Life	Expiry Date	3 Year Shelf Life
SPECIFICATION	<p>Eosin Y is the most common counterstain to alum haematoxylin in the Haematoxylin and Eosin method (H&amp;E). It stains satisfactorily from both aqueous and alcoholic solution. It is one of the dyes in Papanicolaou's EA solutions for staining exfoliative cytology for cervical cancer screening. It can be used to make Romanowsky stains. It is widely used in numerous procedures. It is strongly fluorescent, but this property is hardly ever used.</p> <p>Contains: Eosin Y Sodium Azide Calcium Chloride Distilled Water</p>		
TESTING PROTOCOL <small>(WHERE APPLICABLE)</small>	Supplied against supplier's certificate of analysis/conformity		

We confirm that this batch has been tested in our Laboratory and has been found to stain to our minimum standards and that sample will be retained for the life of the product

Peter Keenan  
Commercial Director
